

Dudley Parent Carer Forum

# Meet & Greet!

Monday 5 December 2016

10am – 12:00pm

Stafford Street, Dudley, DY1 1RT

Next to Steppingstones Medical Practice, opposite the big car parks.

**Are you a parent carer of a child with a disability or additional needs, living in Dudley Borough?**

**If so come and join us at our 'Past, Present and Future' event on Monday 5 December.**

Dudley Parent Carer Forum is pleased to present a past, present, and future event so that parent carers and professionals can find out about how the forum started, what it has achieved and the vision for the future

Working Together for Change brings together individuals, organisations and partners with the aim of ensuring the voices of parents and carers are heard. We will ensure that all parents and carers in our borough are equipped with the knowledge and skills to influence change.

## **What to expect at this session**

You can expect a really warm welcome and a cuppa, lots of information and great networking. Come and meet the people who are raising their voices on your behalf. Find out how they are working with professionals around EHCP, Transition and Health issues.

## **Book a place at this session and stay in touch by:**
