Large quantities of Meccano parts will also be available for youngsters to create their own Meccano wonders. Traditional models on display will include giant cranes, live steam engines, pattern-drawing machines, fairground rides and clocks, to mention just a few. This year the Sunday Meccanuity Challenge will be the 'The Many Legs of Meccanuity Race' where different machines that can either 'walk or run' will be challenged to tow a trailer filled with weights. Every year exhibitors also compete for the John Linder Memorial Shield, commemorating one of the founder members of the Telford and Ironbridge Meccano Society.
